AGAPLESION

Our values unite

**Assistant Physician (m/f)
for further education in urology or
for obtaining specification in andrology**

The clinic covers the entire range of specialist urological diagnostics and therapy, including gender reassignment surgery, and provides comprehensive services in urooncological tumour surgery and laparoscopy. You are awaiting your specialist examination or already passed it and wish to obtain a specification in andrology. It is desired that the assistant physician holds the andrological consultation-hour, but this is not a requirement.

AGAPLESION is a modern healthcare company consisting of the association of social hospitals, nursing facilities and training centres. We have set ourselves the task of uniting excellence in medicine, nursing and management with Christian values. And this is exactly what distinguishes us: patient-oriented medicine and nursing according to acknowledged quality standards.

By means of our in-house nursing schools and the academy, we ensure that our employees are always up-to-date. We offer perspective and future in a dynamic company - for people who want to do meaningful work.

AGAPLESION's promise to its employees:

- Intensive professional and methodical improvement
- Systematic advancement of executives
- Individual personnel development
- Meaningful work, work-life balance
- Working environment adapted to the needs of all generations
